## Spiritual, Moral, Cultural and Social Calendar 2023-24

At Stickland's, we recognise that the personal development of pupils; spiritually, morally, socially and culturally plays a significant part in their ability to learn and achieve. We therefore provide an education that gives children opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures. This is integral to all aspects of school life. We ensure children's education is holistic rather than focussed narrowly on purely academic aspects of learning, providing pupils with a rounded education, including learning how to work and play together, understanding and respecting others' points of view, respecting and applying rules and understanding why these exist.

We prepare pupils to contribute to society and culture throughout their lives, and enable them to participate actively and positively in the life of the school, their local community and wider society. We encourage pupils to value themselves and their unique contributions to their own and others' lives, and in turn to value and celebrate others and their qualities and abilities.

These are just a few of the events that we have planned. The calendar will be updated throughout the year.
