

Sticklands CofE Voluntary Aided Primary School

A Big Thank You to Bridport Community Shed!

We'd like to say a huge thank you to everyone at the **Bridport Community Shed** for their wonderful work repairing our old school bell. It had been broken for a long time, and we're so pleased to have it looking beautiful again.

Although it's not yet back in the bell tower, the bell now has pride of place in our school hall, where everyone can see and enjoy it. The bell is a special part of our school's story — it even features on our logo — so it means a lot to have it restored with such care.

We're very grateful to the Community Shed team for giving their time and skills to help us preserve this piece of our school's history. It's a lovely example of how our local community supports one another — thank you!

As Christmas approaches,

Stickland's is filled with anticipation and joy — rehearsals for the Nativity are in full swing, plans for the church service are coming together, there's glitter and glue everywhere (huge apologise to Lisa -our fabulous cleaner) as cards and decorations are being made. We are looking forward to Christmas parties and maybe even a special visit from Santa!

Whilst there's lots of excitement here in school, we know that this time of year isn't easy for everyone. We hold our whole community in our thoughts and prayers, and we wish each of you a peaceful, joyful and hope-filled Christmas.

Ruth Adler
